What We Do?

We are the company you count on to find the best options for all your storage needs.

Our staff are able to adapt to changes as quickly and effectively as our 3PL services. By training and orienting staff to meet specific points along 3PL warehousing and public storage, we are able to provide realtime insights and services for:

- bonded
- cross-dock
- cold storage
- vehicle loading
- E-COMMERCE FULFILLMENT
- event logistics based storage
- Short- & Long-term warehousing
- travel-retail ready warehousing
- dedicated hazmat & chemical storage
- third-party logistics (3PL) capabilities

(ENHANCED)

Operations

Flexible Floor Space & Adjustable, secure Racks

Our warehousing and storage sites utilize modular structuring, allowing us to provide custom optimized storage. Each item is stored in a dedicated, secure location, which is trackable through our warehouse management system (WMS) Magaya.

Optimized workflows & tech assisted solutions

IOT capabilities, Radio-frequency identification (RFID) devices, geo-fencing locations- we bring innovative solutions to ensure the best value for your cargo

24/7 Secure storage facilities

With camera-mobile connected tech, physical security checkpoints and real-time notifications, our customer can confidently know their cargo is safe. Each site is certified and inspected to ensure a high degree of quality control.

(TECH)

Enhanced Operations

IOT CAPABILITIES

We have strategically placed each one of our locations to provide optimized routes- close to major ports, highways and hubs. Cross-connected with IOT powered devices allows us to provide real-time updates and insights.

MAGAYA (WMS) SYSTEM

Magaya (WMS) was designed from the ground up to manage warehousing & storage sites effectively. Go Sunship empowers the system with additional technology to supplement our eco-friendly and cost-effective operations.

REAL TIME UPDATES

Each storage site is cross-connected with a number of additional technology, allowing us to provide on-demand service. From quoting, services, specific questions, floor plans we can pass the information you need to make a ROI based decision.

**Go Sunship E-commerce
Fulfillment & Final Delivery**

GEO-FENCED & GEO-TARGETING

By tapping into the power of GPS live tracking, we create a dynamic digital map of our flexible warehouses. This allows us to provide further subsets of digital tools and secure accessing. With active triggers in place, our certified team of employees can pass you insights to further provide ROI-based Services.

Proof of Business Model

Customer Testimonials

“My 3PL focused transportation company has been using Go Sunship for the last several months and it has consistently been a successful B2B relationship. Working with dedicated account executives allows me to communicate quickly with specific attention to my business.” – Anonymous Customer Survey

"Pedro and his warehouse team are truly dedicated. As a freight forwarder, I go in and out of a ton of storage spaces with none as clean and as organized as Go Sunship's." – Jacob, email response.

“Receiving updates about my cargo- when it arrives and when it ships- brings so much confidence in my storage outsourcing. Go Sunship allows me to focus on other parts of my business without my being concerned about micro-managing” – Anonymous Customer Email

Carrier Testimonials

“Since we started this business, we have been able to count on Go Sunship for access to storage across the United States. Seeing the technology is one thing, but having it decrease your overall operations costs is amazing. The added cross security is comforting as well. Thank you for your support.” Bing Review

"Assisting me with both my shipping and storage needs, Nam provided me with insightful suggestions allowing me to invest my limited time on other matters; working with them takes so much pressure off my operational team. You guys are the best." Google Review
